開釋道義（一）

感謝天恩師德、老前人、前人慈悲大德，讓後學有機會在此，與各位共同分享探討「道義」。後學衷心期望經由後學的解釋，各位能夠對「道」有更深的了解。

一、 前言

各位先生、女士：大家好，很高興能在此與各位見面。或許您正疑惑著，爲什麼您已經有了自己的宗教或信仰，您的朋友或同事卻還要帶您來此呢？首先，我們要告訴您,沒有人會強迫您背叛您原有的宗教，然後加入新的教。更何況我們相信，不管您是基督教、天主教、回教・・・，都只要一位上帝不是嗎？所以請您別擔心。

讓我來舉個例子，所有的宗教就像不同形狀的冰塊一樣，溶化之後都會變成水，因此，可以說它們的本質是一樣的，只是因爲不同的文化、種族、區域.，所以才會形成不同的宗教。事實上，所有的宗教只是一種工具，幫助我們去瞭解生命的眞相、自性、與良心(在這裡,我們稱它爲道)。這就好比我用我的手指頭向您指出月亮所在，手指頭只是工具而不是月亮，其他人亦可以用他們的手指頭向您指出月亮。

我們都知道上帝是無法用肉眼看到的，因此這兒有三盞佛燈，中間的那盞燈，就是上帝精神的象徵。然而，爲什麼有佛像呢？我們可不是在拜偶像的，而是看到這些佛像便會提醒您效法學習他們慈悲的精神，好比說，您們的皮夾裡都放著家人，所愛的人及孩子的照片，這些照片要做什麼用呢？當然是要提醒您，他們有多麼愛您，您也有多麼愛他們一樣。中國人對於佛比較熟悉，就像西方人及您們，人們對於耶穌基督比較習慣一樣，如果您能修得好，或者是像德蕾莎修女一樣犧牲奉獻到去世，那麼你死後人們也會把您當成佛一樣來拜。

二、 道是什麼?

今天各位到這兒來，目的當然是要求道，什麼是道？道是良心、眞我、道路、回天之路。

在我們討論之前，我們先來研究一些問題。請問你們的肉體是從那兒來的？是的，我們的身體是由父母而來的。再座大多是菲律賓人，你們都常在參當勞，裘利比，或是自己家裡舉辦生日宴會，也會收到許多禮物。然而是否有人在生日時曾送禮物給自己父母，感謝父母賜給自己生命呢？倘若有的話，那眞是太好了！因爲母親在生我們的時候，眞的遭受了最大的苦難。

現在，請跟著我的動作，用你的右手去掐你的左手，多用點力，感覺如何？痛嗎？那恭喜了，因爲這表示您活著，爲什麼我這麼說呢？您以前看過死人嗎？如果有人用力掐他他會痛嗎？如果他會痛的話，那請快打一一九叫救護車，因爲他還沒死哩！

您以前曾想過這個問題嗎？活人和死人從外表看起來並無差別，但是，活人可自己走，可動，餓了會吃，渴了會喝，然而死人不需要吃或喝，冷了不知添衣，被罵也不會回嘴。爲什麼？是的，因爲死人的靈性已經離開他的肉體。

靈性之於肉體就好比車子和駕駛員的關係一樣，也像電扇和電的關係一樣，缺一要素就會沒有功能。

三、 人爲什麼要求道?

我們都知道肉體是由父母而來的，那麼我們靈性來自何處呢？是的，不管我們是什麼樣的人，我們的靈性都是同樣來自上天。不管我們將在人世間活多久，總有一天我們都要回去的。然而，你想每個人都能回天嗎？

在世間如果我們犯錯則必須接受審判甚至坐牢，這是對我們肉身犯錯的懲罰，我們的靈性在死後，當然要接受更多的審判。所以並不是每一個人都能死後回天，有的甚至要下地獄去接受懲罰。我們太沉溺於外在的享樂，以致忘了回天之路。

古時候，許多有智慧的人放棄了財富、名聲、地位，甚至離家到深山去修練，爲了追尋眞理找到回天之路，上天終於受其誠心感動，於是暗派明師將道傳給他。

然而現在天時不同了！現在災劫越來越多，每天都可從電視和報紙上看到。這是上天的警告，警告我們如果不恢復既有的良知，不重視道德教育，不和諧共處，那麼「最後的浩劫」將降臨我們身上。屆時，所有的人類將與地球同時被毀滅。如果這樣的話，那多不公平啊！因爲世上仍有許多像您一樣的好人呀！無論如何，上帝是慈悲的，不忍讓好人和壞人一同被毀滅，所以，祂派了兩位明師降世來傳道給有緣人，並指引他們一條回天之路。這兩位明師便是濟公活佛和月慧菩薩。

在此之前，上帝曾派許多聖賢仙佛降世傳道。其中你們大多數比較熟悉的是耶穌基督。但現在天時不一樣了，當代明師是濟公活佛和月慧菩薩。舉例說，史密斯先生曾是某一個國家的總統，然後是布朗先生，現在則是約翰先生，你說你是布朗先生的支持者，你只承認他爲總統而不承認其他人，那是無意義的，歷史和政府會變化，天時也是一樣。

四、 結論

無論你是什麼宗教、國籍、窮富、美醜，你必須具足下列三種條件才有機會求道，並非人人均可求道。

〈一〉 前世有修

〈二〉 祖上有德

〈三〉 今世是個好人

因此你的引保師(帶你來佛堂的人)才會帶你來求道，並拿出些奉獻給上天，這叫做功德費，然後你才能求道。我要向您解釋這奉獻的意義，每一個人一生只交這一次，稱爲功德費。你的功德費會用你的名義去印善書、做善事、做功德，絶不做私人用途，否則會受上天懲罰。

請問各位，你想百年後上天堂或下地獄呢？當然我們都想回到上帝的國度，所以在求道儀式中請保持誠敬之心，祈求濟公活佛指引我們回天之路，最後，謝謝大家。講不圓滿之處，叩求仙佛慈悲赦罪，講師多補充，謝謝。

AN INTRODUCTION TO TAO (I)

Ladies and gentlemen, I'm grateful for the mercy of God and Holy Teachers, the great virtue of Lao Qian Ren (Grand Senior Elder) and Qian Ren (Senior Elder), who give me this opportunity to share with you this topic. I sincerely hope that after my introduction, you'll have a better understanding about the meaning of receiving Tao.

I. Introduction

You might be wondering why your friends or colleagues brought you to this Temple, because you already have your own belief or religion. Well, first of all, please understand that we are not asking you to convert to a new one. There is only one God, whether you believe in Christianity, Muslim, Catholics, or any other religions. So you don't have to worry, please.

Metaphorically speaking, all religions are just like ice but with different shapes, but when melting, it will turn into the same form - water. So is the Truth, despite the various forms in terms of cultures, races, ideologies, and regions. In fact, all the religions serve as tools that help us to realize the truth of life and our true nature, which is the conscience. Right here, we name it " TAO." It is like when I show you the moon with my finger, the finger is but a tool and not the moon itself. Anyone can also show you the moon by his or her finger.

Speaking of the Temple, now let's look at the shrine in the front. There are three lights on the table and the middle one is a symbol of God. We all know God is invisible. Then, why are there Buddha's statues and why do we worship them? Well, this is not idol worshipping; instead, this is to remind us to follow in their merciful acts and footsteps. For example, we keep the pictures of our family, our beloved ones, or our children. Why? They are to remind us how much they love us and vice versa. Chinese people are familiar with Buddhas just like western countries with Jesus Christ. So if you cultivate very well or act like Mother Teresa who devoted her lifetime to the holiness until she died, then, when you pass away, people will always remember you or even worship you.

II. What Is Tao?

The purpose of your being here is to receive Tao. But what is Tao? In Chinese language Tao means conscience, the true self, the path, the way back home.

Before my introduction, I would like to ask you some questions. Where do our physical bodies come from? From our parents, right? The majority of you are from the Philippines, and you often hold your birthday parties in McDonalds, Jullibee, or your own houses. Lots of gifts are received on that day. However, is there anyone here who gives a gift to his parents on his birthday and says "thank you" to them? Good for you if you do. We must remember how our mothers suffer the tremendous pain on the day we were born.

What about life? Now please follow my instructions. Use your right hand to pinch your left arm. Pinch it hard. What do you feel? Painful? Well, congratulations! You are alive! Why do I say so? Have you seen a dead

person before? Will he feel pain while someone is pinching him hard? Should he feel pain, please call for the ambulance because he is still alive.

So what is life? Have you ever thought about this question? There is no difference in appearance between the living and the dead. However, a living person can walk, talk, and think at will; he eats when he is hungry, drinks when he is thirsty, whereas a dead person cannot do all these things. Why? The answer is that a person is dead when his spirit separates from the body. The spirit to the body is like the driver to a car, also like the electricity to the television; both are indispensable to each other. Lack of one will make the other become useless.

III. Why Should We Have To Receive Tao?

As mentioned, our physical body is from the parents, but where is our spirit from? Regardless of our skin color and nationality, our spirits all come from heaven, and they will have to return, no matter how long we stay in this secular world. However, do you think that everyone can return to heaven?

A criminal will have to face court trials; this is punishment on the physical body. But his spirit will receive another trial after he dies. Without passing the trial, he cannot be admitted to heaven. Not everyone can go up to heaven after death; unfortunately, some even have to suffer in the underworld. Here we are living in a world of temptations. We are tempted to commit sins without the slightest awareness. We have forgotten the way back home, the eternal abode of bliss.

In ancient times, the cultivators had to cast aside their wealth and fame, some even left behind their families to cultivate in the remote mountains in order to find the way back to heaven. This lifelong ascetic cultivation eventually touched Heaven and Heaven sent the Enlightening Masters to transmit Tao to them.

However, time is different now. Despite the advance in technology that brings about comfort and convenience, both natural and man-made disasters have become widespread. Morality and values are deteriorating. These phenomena are warning signs from God that "the Last Calamity" is coming if humans do not recover their inherent conscience. By then, all of us will be destroyed together with this globe. As there are so many noble and righteous people in the world, merciful God did send two Enlightening Masters to the world to transmit Tao to the people who have the holy affinity. They show to the world the way back to heaven. These two Masters are Ji-Gong Living Buddha and Yue-Hui Bodhisattva.

In the past, God sent many Buddhas and Saints to the world to transmit Tao. Jesus Christ was one we are familiar with. As I said, time is different now. Ji-Gong Living Buddha and Yue-Hui Bodhisattva are carrying out the mission of the last salvation. This can be compared to the limited tenure of an office. For example, Mr. Smith was the president of a country, then Mr. Brown, and now it is Mr. John. They are all presidents of the country, each holding the equal position and no one is greater than another, but there must be someone in charge at a certain time. That is why we should all receive Tao, basking in the light of the Enlightening Masters.

IV. Conclusion

Well, you are so lucky because not everyone has the affinity to receive Tao. You must be equipped with the following conditions in order to receive Tao:

1. You must have cultivated well in your past lives.
2. Your ancestors have performed meritous virtues.
3. You are a noble and righteous person.

That is why both your Introducer (the person who brought you here) and Guarantor are willing to bring you here to receive Tao. Let me elaborate on your donations, which we call Gong De Fei, or merit fee. Since receiving Tao is something very unusual and honorable, no one can make sure if your merits and virtues fulfill your qualifications; furthermore, accumulating merits takes time. That is why Buddhas made this rule in the Tao Receiving Ceremony. Your merit fee will only be used, in your name, to print the holy books, build Temples, and perform social welfare services. These are merits exclusively for you. The fee will not be used for private purpose. It is compulsory only for this time. Next time you come back to Temple again, you can decide whether to donate and how much to donate.

Finally, may I ask if you would like to go up to heaven or down to underworld when you pass away? Of course we would like to ascend to the land of God. So please keep a pious heart in the Tao Receiving Ceremony and ask for Ji-Gong Living Buddha to instruct us the way back to heaven! Thank you for your listening and I beg for Buddha's forgiveness if I made any errors in my speech, and I humbly ask the Masters and lecturers to supplement any omission I have made. Thank you!!

開示道義（二）

後學今天沾了天恩師德、老前人、前人慈悲大德，能夠在這裡和各位先生、各位小姐共結善緣，感到非常榮幸。今天各位來這裡都是爲了求道，什麼是求道呢？就是「探求人生眞理」，相信引進各位到佛堂來的親戚或朋友已經對你們說明了很多，但爲了讓大家對道有一個整體的認識，後學今天還是要利用三、四十分鐘的時間，從三方面來向各位說明道的眞義。

一、 道是什麼？
二、 道與人關係。
三、 爲什麼要求道？

一、道是什麼

幾千年前，中國有一部偉大的經文「清靜經」，開宗明義第一章，就對道下了一個很明確的定義：

「大道無形，生育天地；
大道無情，運行日月；
大道無名，長養萬物。

吾不知其名，強名曰道。」

總而言之，大道是無形、無情、無名，大道沒有形狀，但整個天地宇宙是由祂所化生；大道沒有後天喜、怒、哀、樂、愛、惡、欲的感情，但是祂運行日月千百萬年來永不疲厭；大道沒有名相，而天下萬物是祂所長養，都各有其名。所以簡單的說，道就是一個「無」，用圖形來表示，就是一個無極圈 ○。這個「無」並不是什麼都沒有，而是眞空妙有。祂可以生天生地生萬物而且生生不息，我們稱這股原始動力叫做「道」。

因此，道雖然看不見、摸不著，但祂是確實存在的。世界上有許多看不見、摸不著的東西，我們卻不能否定它的存在，像空氣，抓不到，但人不能一刻沒有它；像母愛，母親有多麼愛我們，我們雖無法具體地拿出一個東西來，表示其大小，但你卻可以深刻地感受到母愛的偉大。

講到這裡，我們對道已有一個大概的認識，祂就是「生天生地生人生萬物，而且生生不息的一股原始動力」。所以，道是無所不在的，既是宇宙萬物之主宰，又存在於天下所有的人、事、物當中。

二、 道與人的關係

道與人有什麼關係呢？道與人當然關係密切，道在人身上稱爲靈性，中庸上說：「天命之謂性。」上天所賦給我們的這一點靈光就是我們的良心本性。祂是人身的眞主宰，我們眼睛能看，嘴巴能說，耳朵能聽，手腳能動，腦筋能思考・・・等等，都是因爲有祂，沒有了祂，軀體的知覺運動全都停止，人就死了。因此，祂也稱爲眞我，是我們的眞主人，不生不滅，永遠不壞；而這個肉體是假我，有生有死，有一天會壞。既然如此，孰輕孰重，我們應該很清楚了。但世人往往迷眞逐妄而不知藉假修眞，把假我侍奉得好好的，把眞我拋在腦後，等到有一天無常來到，才如大夢初醒，但爲時已晚，來不及了。

三、 爲什麼要求道

至於我門爲什麼要求道，這可分兩方面來講：

（一） 提昇生活品質，讓人生更有意義：

眾生的靈性與古聖先賢、諸佛菩薩的佛性完全平等。而佛與眾生之差別只在迷悟之間，佛是已悟之眾生，眾生是未悟之佛。若能了悟佛性，法喜充滿，生活品質自然提高。我們的人生本來應該是快樂、圓滿的。

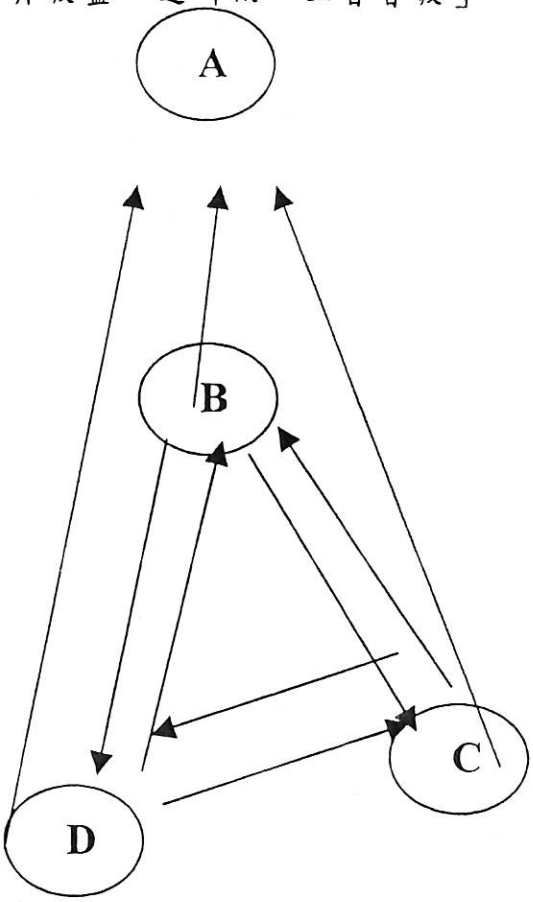

然而，大多數人的人生卻煩惱無邊，爲什麼呢？因爲我們迷失了眞我，忘卻了本來。假如我們能找回上天所賦予我們的佛性，自然能快樂無憂，無論處在任何環境，皆能素位而行，素富貴行乎富貴；素貧賤行乎貧賤；素夷狄行乎夷狄，正是聖人所說無入而不自得的境界。

要找回佛性，必須有天命明師之指引。自古以來，明師難遇，多有踏破鐵鞋無覓處之嘆；而今天大家這麼容易承蒙引保師引進前來佛堂求道，雖有得來全不費功夫之喜，然亦是大家祖上有德，累世有修使然。

（二） 躲劫避難，超生了死

目前的世界，物質文明達到顛峰，精神文明卻跌落谷底，人類因道德淪喪，造了很多惡業，惡氣沖天，將來定會招來浩劫。

而世界上壞人雖多，好人也不少，爲免好人也遭劫，上天特別降道拯救善男信女，正是「天下溺，援之以道」，求道以後，人人向善，改過自新，自然避難脫劫。而上天降道，不僅要拯救人間善男信女，連地府的幽冥鬼魂，及氣天的河漢星斗，也要一齊渡盡，這叫做「三曹普渡」。

A: 無極理天
B: 太極氣天
C: 皇極象天
D: 幽冥地府

一般人於百年之後，先到地府報到銷案，閻君依據他在世所造的業判斷功過，若功多過少，則上昇氣天爲神，享受人間香火，三、五百年後福享盡，再降生人間爲富貴人家子弟或王公將相；若過多功少，先入地獄受罪，再轉生到人間，或爲五不全者，或爲畜生。而今三曹普渡，老天要我們回去，在人間只要身家清白、品行端正，必有機會透過別人引進求道；在地府也可以仰賴人間子孫超拔，求道回理天；在氣天，是歷代的忠臣孝子、節婦烈女，只因生不逢時，未遇明師，如今大開普渡，氣天仙亦可求道，一指超生，回返理天。

四、 結語

各位前賢，我們在這世上已經輪迴好久好久了，人的肉體就好比一個軀殼，人死了好像脫掉一個破舊的殼，但靈魂是不滅的，一旦脫掉舊殼，將來還

要再入一個新殼，就不一定可以再得人身了，那要看我們在世所造的善業、惡業而定，所謂「萬般帶不走，唯有業隨身。」如果是善業隨身，可能保住人身；如果是惡業隨身，可能就得投入牛、馬、豬、狗、雞、鴨・・・等畜生的軀殼了。由此可見，人活著在輪迴中是多麼地危險、徬徨與無助。就像當年鳥巢禪師要渡白居易，白居易說你睡在樹上多危險啊！鳥巢禪師說：「我看你才危險呢！」

因爲人無論有多大的財富、權勢、地位，有多淵博的學問，多能幹、聰明，縱然有再大的本事，對於自己將來脫掉此殼，要入那一殼都毫無把握，茫然無知，自己作不了主。而我們千萬年來一直在這當中流浪生死，受盡輪迴之苦，是多麼可悲的一件事啊！但是今天大家得救的機會來了，天開文運，明師應運降世，我們有這奇緣能得人身，又逢大道，靈性可以永脫輪迴，這是千載難逢的好機會，所以希望大家不要錯過這佳期良辰，不要辜負上天降道的慈意。希望大家都能求道，回復本來面目，撥雲見日，認識眞正的自己。

因爲時間的關係，後學就學講到這裡，講得不圓滿的地方，叩求仙佛慈悲赦罪，各位前賢多多指正。

AN INTRODUCTION TO TAO (II)

Good morning, ladies and gentlemen. I am grateful for the mercy of God, the great virtues of our Holy Teachers, our Lao Qian Ren (Grand Senior Elder) and Qian Ren (Senior Elder) for giving me this opportunity to share this topic with you. You are here today to receive Tao. But what does it mean? To receive Tao is to search for and to understand the true meaning of life. I believe that your friends or family members who brought you here must have told you a lot. To give you a general idea about Tao, I would still like to take thirty to forty minutes to give you a brief introduction to Tao from three aspects:

I. What is Tao?
II. The relationships between Tao and humans.
III. Why do we have to receive Tao?

I. What Is Tao?

Several thousand years ago in ancient China, there was a great sutra, Qing Jing Jing, in which Lao Zi defined Tao as follows:

"Great Tao has no form or substance,
Yet it creates and cultivates the Heaven and Earth.
Great Tao has no sentiments,
Yet it governs the law and order of the cosmos.
Great Tao has no name,
Yet it gives life to and nourishes all beings.
Because it is so mystical and powerful,
There really is no proper word to represent it.
However, without a name,
I am afraid that others cannot relate to it.
Thus, I reluctantly use the word 'Tao' to represent it."

Tao is formless, not sentimental, and nameless. The great Tao has no forms, yet it created the whole universe. The great Tao is not trapped by all kinds of emotions, thus it serves as the driving force for the whole universe for thousands of million years and never gets tired. The great Tao has no name, but everything, every creature in the universe was created and nourished by it. In short, Tao is a "void". If we use a picture to represent it, then it must be a Wu Ji circle ○. The "void" here doesn't mean there is nothing. Instead, the "void" can create wonderful things. It has created the sky, the earth and everything in the universe and nourished all the creations as well. And we call this original energy source "Tao".

So, Tao cannot be seen nor touched. Yet it does exist. Actually there are many invisible, untouchable things, which we cannot deny their existences. For example, we cannot grab air with our hands, yet we can't live without it. We all know the greatness of a mother's love for her children; we are all deeply moved by it. But we can never use a specific object to show how great the maternal love is.

Up to now, we've already had a general idea about Tao. Tao creates sky, earth, humans and all the creations in the universe and is the energy source for everything to move on. Therefore, Tao is everywhere. Tao not only governs the universe, but also exists within every person and everything.

II. The Relationships Between Tao And Humans

What does Tao have to do with human beings? Tao has a very close relationship with all humans. Tao is the spirituality in our body, which means Tao is the spiritual essence that gives us life and vitality. According to the Doctrine of Means, " What God has given us is called our true nature." The spirit that God has endowed us with is our conscience, our true nature. It is the real ruler of our physical body. Because of it, we can see, talk, hear, move and think. Without it, all our physical functions will stop. This is commonly known as "death". Hence, it is also called our "true self". It is the true master of our physical body. It wasn't born nor will it die. This physical body is the "false self". It was born and it will die. Someday it will stop functioning. So we should be very clear about which one is more important than the other. Unfortunately, people usually would search for the pleasures of the "false self", and forget everything about the "true self". When someday it's time for us to say "good-bye" to this world, we'll find out that what we call "life" is nothing but a "dream". But then, it will be all too late.

III. Why Do We Have To Receive Tao?

As to why do we have to receive Tao, we are going to discuss it from two perspectives.

1. To Improve The Quality Of Life And To Make Life More Meaningful.

Our true nature is equal to that of all saints and sages. The only difference between Buddha and an ordinary person is what is between confusion and enlightenment. Buddha is an enlightened ordinary person while an ordinary

person is a confused Buddha. If we can restore our "true self", our hearts will be full of heavenly joy. And naturally the quality of life will be improved. We can easily find examples from stories of the ancient saints. Our lives were originally meant to be very happy and satisfactory.

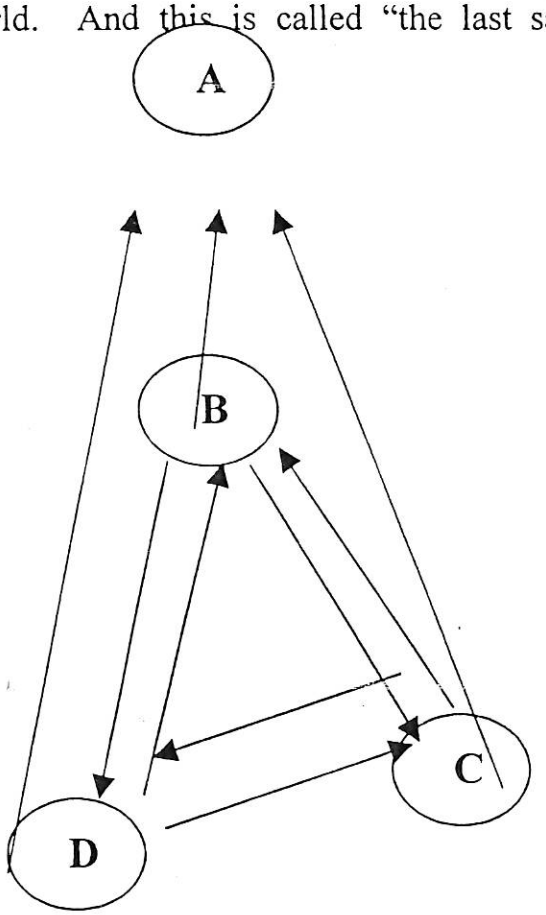

However, most people live in vexations and have a lot of trouble in their minds today. Why is this happening to most people (including many of you sitting here today)? It is because we have lost our true self and have forgotten our true nature. If we can restore our Buddha nature, which was given by God, naturally we'll be very happy, cheerful and lighthearted. This kind of happiness does not depend on external circumstances. No matter what and where you are, you can always do the right thing. Whether you are in a position of fame and fortune, in a position of poverty and low social status, in a state of content and joy, or in a state of stress and difficulty, you will always maintain the integrity of your true nature. There are no external circumstances that can affect the inner virtues and happiness of your true self.

However, there is no way for us to restore our true nature without the guidance of a heavenly mandated enlightened teacher. It has been very difficult to meet such an enlightened master since ancient time. Today it is so easy for you to be guided into the temple to receive Tao. However, don't take "receiving Tao" as something casual. If it is not for your ancestors' having had good virtues and merits and you must have cultivated very well in your past lives, you cannot possibly come here without any difficulties.

2. To Escape From The Danger Of Calamities And To Be Emancipated From The Cycle Of Birth And Death.

Nowadays, the material civilization has reached its climax. On the other hand, the spiritual civilization has fallen to the lowest point. Due to the deterioration of the morals, humans have created a lot of bad karma. And in the future great calamities are bound to come because of this.

Though there are many bad people, countless good people do exist in the world. Lest the good people should be attacked by the coming catastrophes, God has sent the heavenly-decreed enlightened teacher to transmit Tao in order to save the good people. This is exactly the situation that Mencius described as, "When the world is getting drowned, salvage it with Tao." After receiving Tao, everybody corrects one's errors and becomes a better person. Naturally a good person will not get hurt in calamities. In addition to saving good people in the world, God descended Tao also to save the immortals in the spiritual world and the ghosts in the underworld. And this is called "the last salvation of the three worlds".

A: Heavenly World
B: Spiritual World
C: Earthly World
D: Underworld

Usually when an ordinary person is dead, he will report to the underworld. The ruler of that world will judge him based on the karma he did in the earthly world. If the merits he has built are much greater than his sins, he may ascend to the spiritual world to enjoy the happiness he deserves. The duration, 300~500

years, will depend on how many merits he has accumulated. Then he'll descend to the earthly world again to be born to a wealthy family or to be a person of high social status. On the contrary, if a person's sins are greater than his merits, he will be sentenced to hell. Having served his term of penalty, he will be reborn to the earthly world but may have some kind of inherent defects or even become an animal. Nowadays it's the great era of "Salvation to the three worlds". God wants all of us to go back home. As a human being, as long as you have a clear family background, you are a decent person; naturally you will be guided to the temple to receive Tao. Ghosts in the under world can be saved by their descendants and receive Tao, too. The immortals in the spiritual world are those who were loyal to their countries, had fulfilled filial piety or women who had defended her chastity. They had been people of great virtues; however, they are not lucky enough to be born as humans in such a great era to meet with the Holy Master, so that they couldn't receive Tao when they were alive. But now, it is time of the final salvation, they have the opportunity to receive Tao and return to the heavenly world.

IV. Conclusion

Ladies and gentlemen, we have been reincarnating life after life for a very long time. Our physical body is just like a shell to us. When our time has come for us to leave this world, we'll have to get out of this worn-out shell. Once we get rid of the old shell, we'll have to find a new shell for ourselves. And then not necessarily we'll be humans again. It will depend on what we have done in this world. There is a saying goes like this, "When you are dead, you can take nothing away with you but the karma you have created." If we have done many good deeds, then we have created good karma and may therefore be born as a human again. If it's bad karma that we have created, then we may have to be born into an animal shell. Therefore, we can see how dangerous, ignorant and helpless to be a human.

No matter how wealthy, powerful, knowledgeable, and smart we are, how high a social status we have, how capable of doing great things we are, we have no confidence of which shell we are going to get in after we leave this old one. We have no control over this at all. For thousands of millions of years, we lived a life of a drifter in the never-ending cycle of birth and death. How pathetic it is for us to suffer such hardships in reincarnation. And now it's time for the last salvation. God has sent enlightened Teacher to this world now. How wonderful it is we are humans and we are guided here to receive Tao. We have a chance to be freed from the cycle of reincarnation now. And this is something which occurs only once in thousands of millions of years. Please don't miss this opportunity. Don't disappoint God's mercy. Sincerely hope that every one of you can receive Tao, restore your Buddha nature and get to know your true self.

Since time is limited, I need to stop here. If I have made any mistakes in the lecture, hope God and Buddhas will forgive me and all the Tao seniors will give me comments.
